Notice on Acquisition of Radio Station License for Regional BWA System in Koto-ku, Tokyo

TOKAI Holdings Corporation announces that Tokyo Bay Network Co., Ltd. (Head Office: Koto-ku, Tokyo; President and Representative Director: Masahiko Takada; hereinafter “TBN”), its consolidated subsidiary, obtained a radio station license for regional Broadband Wireless Access (BWA) system in Koto-ku, Tokyo, from the Kanto Bureau of Telecommunications of the Ministry of Internal Affairs and Communications effective October 3, 2017.

Regional BWA is a radio system for telecommunications services designed to contribute to promoting regional and public welfare, such as enhancement of public services in the local community and elimination of digital divide (disadvantaged areas), by using radio waves of dedicated frequency bands allocated to each mobile telecommunication service operator.

TBN will use this radio system to develop a disaster prevention network in collaboration with local government, provide services including free Wi-Fi spots, and secure backup line of interchange circuit of community channels, with the purpose of improving profitability in this business area, expanding the customer base, and increasing the corporate value through regional and social contributions.

Under the TLC (Total Life Concierge) vision, the TOKAI Group proposes comprehensive lineup of various lifestyle infrastructure services closely attached to people’s lives, including energy, information and communications, and CATV. Currently, 2.57 million customers are using the Group services. Going forward, by continuing to actively work toward providing products and services that can contribute to solving regional and social issues, the Group will aim to improve customer satisfaction.
